DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeff Karceski on June 30, 2005.

The application has been amended as follows:

Cancel claims 35-49.

Allowable Subject Matter

Claims 1-14, 16-30 and 32-34 are allowed.

The following is an examiner's statement of reasons for allowance. The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding:

A method of depositing a metal layer on a substrate wherein a metal carbonyl precursor gas is introduced through a showerhead into a process chamber and maintaining a residence time for the gaseous species in the processing chamber zone that is shorter than about 120 msec, wherein the residence time is proportional to the

volume of the processing zone and the process gas flow rate, as recited in independent claim 1 (claims 2-14 and 16-18 are dependent upon claim 1);

A method of depositing a tungsten metal layer on a substrate wherein a tungsten carbonyl ($W(CO)_6$) precursor gas is introduced through a showerhead into a process chamber and maintaining a residence time for the gaseous species in the processing chamber zone that is shorter than about 120 msec, wherein the residence time is proportional to the volume of the processing zone and the process gas flow rate, as recited in independent claim 19 (claims 20-30 and 32-34 are dependent upon claim 19).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
